APPLICATION FOR VARIATION
SITE: ARDGOUR (LINNHE)
AUTHORISATION REFERENCE: CAR/L/1009970

Please find enclosed an application for a technical variation of the CAR licence for the Mowi salmon farm at Ardgour (Linnhe).

Mowi Scotland Limited would like to apply to modify the salmon farm at Ardgour (Linnhe). The change comprises a requested temporary biomass increase.

This application specifies an increase in the licensed maximum weight of fish from 2500t to 3000t from July to October 2023.

Waste solids deposition modelling has been carried out which demonstrates that the proposed changes to the operation of the site will have minimal increased environmental impact. The particle tracking modelling tools NewDepomod and UnPTRACK have been utilized to simulate the discharge, dispersion and fate of waste feed and faeces.
