The Water Environment (Controlled Activities) (Scotland) Regulations 2011

Application for Variation to a Licence

FORM G

**Complete this form to apply for an administrative, standard or
substantial variation to a licence issued under the above
Regulations**

How we use your personal information – Data Protection Act 2018 ('DPA 2018')

Under the Data Protection Act 2018 (DPA 2018), we must have a legal basis for processing your information – in this case, processing personal information is necessary to perform our statutory duties ('Public Task').

Some of the ways in which we collect and use the information may be through:

- granting and administering authorisations and maintaining registers
- investigating environmental complaints
- undertaking formal enforcement action
- maintaining our own accounts and records
-

The personal information we collect and use may include the following: name; address, including postcode; email address and telephone number. SEPA is required, by law, to organise and maintain public registers, and make these registers available for public inspection. We do this by collecting and using the personal information that applicants (or their agents) share in their applications. After the application form has been processed, some of the information from the form is added to the public register and becomes available for public inspection. Personal email addresses, and telephone numbers are not published, unless publication is statutorily required.

There may be occasions when we are required by law to share your personal information with other organisations, e.g., for regulatory reasons, or because doing so is in the general public interest. Any sharing will be carried out lawfully and securely in accordance with the SEPA Data Protection Policy.

For more information on how SEPA handles personal information, please refer to our general Privacy Policy at <https://www.sepa.org.uk/help/privacy-policy/>

Making changes to a licence

Variations

Use this form if you are the authorised person (previously referred to as responsible person) specified in a licence and you wish to apply for:

An administrative variation to your licence:

An “administrative” variation involves changes which will not have any environmental impact or which reduce the impact of the activity. (N.B. If you are actually ceasing one of multiple controlled activities covered by your licence, and want to remove it from the licence, you will need to apply for a partial surrender of the licence, using application form I). An application for administrative variation can cover changes to part or all of the licence.

A Standard or Substantial Variation to your licence:

A substantial variation is the default type of variation. It applies to any change to an authorisation where the work involved is comparable to that required for a new application. This will usually require SEPA to carry out an assessment of the environmental effects of that change. Substantial variations would typically apply to increases in an authorised limit such as volume abstracted / discharged and changes in the composition of a discharge. A standard variation applies unless it is clearly an administrative or substantial variation.

Each application form can only be used for variations to a single licence. If you want to request variations to other licences, please use a separate form for each licence.

The fee payable is based on the type of variation and the number of activities which are affected by such changes and the level of authorisation of that activity (i.e. simple or complex licence).

For information on the application fees payable, see the [Charging Scheme Guidance](#) and Charging Scheme Fees on the SEPA website or email the Water Permitting Team at waterpermitting@sepa.org.uk.

Transfer

Application form H should be used for any application to transfer a licence in whole or in part to a different authorised person.

Surrender

Application form I should be used for any application to surrender a licence in whole or in part.

Who completes the application?

If you are making an application on your own behalf and you are the Authorised Person, then you should complete the application form. If the application is being made on behalf of a company, partnership or other organisation which will be the “Authorised Person”, then the person who completes the declaration at the end of the form should have the authority to act on behalf of that organisation.

For more guidance on ‘Authorised Person’ please see the “Guide for Applicants”.

Where to send your application

See details in section 9 of this form.

What happens when we get your application?

We will check through the application to make sure that it is complete and that SEPA has all the information it requires.

We may contact you for further information and depending on the type of variation being requested, this may be via email, telephone, letter or in some cases a formal notice.

In cases where further relevant information has to be gathered before a decision can be made on an application, there may be an additional charge, to cover the cost of SEPA acquiring the information

but this will always be subject to prior agreement.
Poor quality information may result in your application being delayed.

Processing your application for variation

SEPA has to process applications for variation of a licence within 4 months. This period will be extended if SEPA needs to contact you for further information. It may also be extended for other reasons, but only with your written agreement.

Disclosure of the information you give us in your application

SEPA may have to consult interested third parties about your application. SEPA will require any application for significant changes to be advertised in the press, at your expense (See further guidance on consultation and advertising).

Please read the data protection notice on the front page of this form which explains how we will use information given to us.

SEPA’s full service charter may be viewed from the SEPA web site www.SEPA.org.uk

7 DECLARATION

A representative for The Authorised Person should be identified on this form below.

It is an offence under Regulation 44 of the Water Environment (Controlled Activities) (Scotland) Regulations 2011 to:

- Make a statement which you know to be false or misleading in a material particular,
- Recklessly make a statement which is false or misleading in a material particular, for the purposes of obtaining an authorisation (for yourself or anyone else).

If you make a false statement:

- We may prepare a report to the Procurator Fiscal who may prosecute you, and
- If you are convicted, you are liable to a fine or imprisonment, or both.

Declaration

- I certify that the information in this application is correct.
- I apply for an authorisation in respect of the particulars described in this application (including any supporting documentation that I have supplied)
- I specify the address given at 2.2.2 above as the address at which I will accept service of notices of the types selected there (*delete if not applicable*).
- I agree to the conditions of any varied licence coming into effect less than 3 months after the date on which any variation notice is issued (*delete if not applicable*).

Please note that a representative for the Authorised Person should complete the declaration themselves, even if an agent is acting on their behalf as an applicant contact. For applications from a company or other corporate body the individual completing the declaration should be duly authorised to act on behalf of the company or corporate body. Applications from a Scottish partnership must be completed by a partner of that partnership or a person authorised by the partnership to act on its behalf.
