# Application for Variation (Administrative or Technical) to a Licence

#### **FORM G**

## Complete this form to apply for an administrative or technical variation to a licence issued under the above Regulations

#### The Data Protection Act 1998

"The Scottish Environment Protection Agency is responsible for maintaining and improving the environment and regulating environmental emissions. It has a duty to discharge its functions to protect and enhance the environment and to promote conservation and recreation.

The information provided will be processed by the Scottish Environment Protection Agency to deal with your application, to monitor compliance with the licence/permit/registration conditions, to process renewals, and for maintaining the relevant public register(s).

We may also process and/or disclose it in connection with the following:

- offering/providing you with our literature/services relating to environmental affairs
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, Local Authorities, Emergency Services, Scottish Executive) on environmental issues
- · carrying out statistical analysis, research and development on environmental issues
- · providing public register information to enquirers
- investigating possible breaches of environmental law and taking any resulting action
- · preventing breaches of environmental law
- assessing customer service satisfaction and improving our service.

We may pass it on to our agents/representatives to do these things on our behalf.

You should ensure that any persons named on this form are informed of the contents of this Data Protection Notice

#### Making changes to a licence

#### **Variations**

Use this form if you are the responsible person specified in a licence and you wish to apply for:

#### An administrative variation to your licence:

An "administrative" variation involves changes which will not have any environmental impact or which reduce the impact of the activity. (N.B. If you are actually ceasing one of multiple controlled activities covered by your licence, and want to remove it from the licence, you will need to apply for a partial surrender of the licence, using application form I). An application for administrative variation can cover changes to part or all of the licence.

#### Administrative Variations relating to Licenced Mobile Abstraction Plant Activities:

If an abstraction is carried out using mobile plant authorised under an existing licence, then the addition of each new point of abstraction to that licence will be considered as an administrative variation.

#### A technical variation to your licence:

A "technical" variation involves any change to a licence which will increase the impact/risk to the environment and requires SEPA to carry out an environmental assessment of the proposed changes. Examples include increasing a volume abstracted, increasing the volume and/or nature of a discharge and adding a new controlled activity to the licence. The fee payable is based on the number of activities which are affected by such technical changes and the level of authorisation of that activity (i.e. simple or complex licence).

Each application form can only be used for variations to a single licence. If you want to request variations to other licences, please use a separate form for each licence.

For further information on the application fees payable, see the *Water Regulation > Charging Scheme guidance* (<a href="http://www.sepa.org.uk/water/water regulation/charging scheme.aspx">http://www.sepa.org.uk/water/water regulation/charging scheme.aspx</a>) on the SEPA website or contact your local SEPA office (see <a href="http://www.sepa.org.uk/about us/contacting sepa/office locations.aspx">http://www.sepa.org.uk/about us/contacting sepa/office locations.aspx</a> for details)

#### **Transfer**

Application form H should be used for any application to transfer a licence in whole or in part to a different responsible person.

#### Surrender

Application form I should be used for any application to surrender a licence in whole or in part.

#### Who signs the application?

If you are making an application on your own behalf and you are the Responsible Person, then you should sign the application form. If the application is being made on behalf of a company, partnership or other organisation which is the "Responsible Person", then the person who signs the declaration at the end of the form should have the authority to sign the application on behalf of that organisation.

For more guidance on 'Responsible Person' please see the "Guide for Applicants".

#### Where to send your application

See details on page 11 of this form.

#### What happens when we get your application?

We will check through the application to make sure that it is complete and that SEPA has all the information it requires.

We may contact you for further information and depending on the type of variation being requested, this may be via telephone, letter or in some cases a formal notice.

In cases where further relevant information has to be gathered before a decision can be made on an application, there may be an additional charge, to cover the cost of SEPA acquiring the information but this will always be subject to prior agreement. Poor quality information may result in your application being delayed.

#### Processing your application for variation

SEPA has to process applications for variation of a licence within 4 months. This period will be extended if SEPA needs to contact you for further information. It may also be extended for other reasons, but only with your written agreement.

## Disclosure of the information you give us in your application

SEPA may have to consult interested third parties about your application. SEPA will require any application for significant changes to be advertised in the press, at your expense (See further guidance on consultation and advertising).

Please read the data protection notice on the front page of this form which explains how we will use information given to us.

SEPA's full service charter may be viewed from the SEPA web site <a href="https://www.SEPA.org.uk">www.SEPA.org.uk</a>

#### 8. FEES AND CHARGES

#### 8.1 APPLICATION FEE

The application is not valid unless the application fee is correct. See *Water Regulation > Charging Scheme* guidance on the SEPA website (http://www.sepa.org.uk/water/water\_regulation/charging\_scheme.aspx) or contact your local SEPA office (see http://www.sepa.org.uk/about\_us/contacting\_sepa/office\_locations.aspx for details)

Any varied licence issued may also have an annual subsistence charge and you will be invoiced for this accordingly.

If you are applying for technical variations to more than one authorised activity, then specify this in Section 8 and calculate the total fee accordingly.

Please calculate your application for variation fee below, then give the total fee enclosed for the whole licence application.
