

Environmental Authorisations (Scotland) Regulations 2018

PERMIT MODULAR APPLICATION FORM

SECTION 2 - FURTHER INFORMATION

2a. Provide a brief overview of the radioactive substances activity that you are applying to carry out, including any arrangements for management of any waste generated (see guidance on p8)

See Section 3 of supporting document.

2b. Please indicate what activities you intend to carry out, or if you are varying an existing permit, which activities are affected by your proposed changes. (see guidance note on p8)

Holding of unsealed radioactive material	<input type="checkbox"/> - complete section 3
Introduction of radioactive material into the environment	<input type="checkbox"/> - complete section 3
Introduction of radioactive material into organisms	<input type="checkbox"/> - complete section 3
Discharge of radioactive liquid waste to the environment	<input checked="" type="checkbox"/> - complete section 4
Discharge of radioactive gaseous waste to the environment	<input checked="" type="checkbox"/> - complete section 5
Dispose of radioactive waste on your site	<input type="checkbox"/> - complete section 6
Receive radioactive waste or samples from another person	<input type="checkbox"/> - complete section 7
Radioactive waste disposals to the offshore environment	<input type="checkbox"/> - complete section 8
Other, please give details	Receipt of solid ILW radioactive waste from MOD. This is from the submarines at Rosyth.

2c. For any radioactive waste generated, please describe the means considered for:
 (i) minimising the volume and activity of waste requiring transfer disposal; and
 (ii) minimising the impact to the environment of waste disposals.

(see guidance note on p8)

See Section 4 and 6 of supporting document.

2d. Have you submitted a transboundary consideration assessment considering whether plans to dispose of radioactive waste are liable to result in the radioactive contamination, significant from the point of view of health, of water, soil or airspace of notifiable countries?

(see guidance note on p9)

Yes

No

If no, please state the reason for not submitting a transboundary consideration assessment.

NEW PERMIT APPLICATIONS ONLY

The following questions only need to be completed for applications for a new permit.

2e. Please provide information on who is responsible and the organisational arrangements for protection and safety with regard to public exposure from the management of the radioactive substances. *(see guidance note on p11)*

[Click here to enter text.](#)

2f. Please provide information on the competencies and training of staff involved in managing the radioactive substances. *(see guidance note on p11)*

[Click here to enter text.](#)

2g. Please provide details of the design features of your premises and equipment that will ensure adequate protection against public exposure. *(see guidance note on p11)*

[Click here to enter text.](#)

2h. Please provide the anticipated public exposures in normal operation of your radioactive substances activity. *(see guidance note on p11)*

[Click here to enter text.](#)

2i. Have you carried out an assessment of the activity and the premises in order to-

- (i) estimate, to the extent practicable, the probability and magnitude of a potential public exposure;
 - (ii) assess the quality and extent of protection and safety provisions, including engineering features as well as administrative procedures; and
 - (iii) define the operational limits and conditions of operation?
- (see guidance note on p12)*

[Choose an item.](#)

2j. Do you have emergency procedures relating to the radioactive substances activities? *(see guidance note on p12)*

[Choose an item.](#)

2k. Do you have arrangements to maintain, test, inspect and service the relevant equipment and facilities to continue to meet the design

[Choose an item.](#)

requirements, operational limits and conditions of operation throughout their lifetime? *(see guidance note on p12)*

Click here to enter text.

2l. Please provide details of how you intend to provide quality assurance for the radioactive substances activity. *(see guidance note on p12)*

Click here to enter text.

2m. Have you included documentation confirming that the person you intend to transfer your radioactive waste to is willing, in principle, to accept the waste? *(see guidance note on p13)*

Yes

No

If NO, please provide reason:
